## AGFEO COMMUNICATIONS SOLUTIONS FOR PHARMACIES

AGFEO Communications Solutions allow you more time for essential tasks, because modern telecommunication is more than just telephony. We have thoroughly analysed the requirements of your line of business and created a communication solution that lightens your daily routine. AGFEO makes every effort to make your life

less taxing, no matter if you need to organise emergency services, divert calls from your door intercom or exchange data while travelling. It is our goal to make perfect communication easy for you.

Please contact your AGFEO installer for more information.

### ADVANTAGES

- More time for customers due to optimised workflow and telecommunication structures
- Sales increase through specific information and advertising for callers on hold
- Energy efficient with KNX integration for smart buildings

#### FRONT/DOOR ENTRANCE
